

FX 2000. A veces no monta a veces se dispara sola.

Escrito por MIGUELITO2406 - 07/02/2011 20:00

Hola a todos, soy nuevo en el foro.

Tengo un problema con mi webley fx 2000. Después de 5 años me está empezando a dar problemas... a veces se dispara sola, cuando estás cerrando el cerrojo (con el consiguiente peligro) y a veces no monta, pero introduce el balín en la recámara eso sí... he probado a regularla el disparador, le he cambiado el muelle del martillo, pero no es la solución... una vez cada 8 o 10 tiros sucede. ¿Alguien tiene alguna pista de lo que le puede pasar?

Muchas gracias.

hay que revisar ese gatillo no trinca bien, es el tipico problema de los gatillos puestos demasiado al pelo

saludos

la webley FX2000 comparte los mecanismos con la FX2000

los planos de despiece los tienes aqui

http://www.fxairguns.com/_pdf/detail/FX2000_Drawing.pdf

El gatillo de la Webley es el A, revisa los tornillos 72 y 73

OK. Intentaré volver a ajustarle, pero no me había dado problemas en 5 años.

Gracias por la sugerencia.

En cuanto pueda comento.

Mil gracias por el despiece. Intentaré afinar más esos tornillos que me indicas.
Saludos.
